【馬達加斯加】ARTEC - 型式核准申請樣品要求

馬達加斯加通訊技術監管局(ARTEC)現在要求型式核准申請必須提供樣品。
該法規中的這項要求在2024年11月13日生效；申請人在提交新申請之前應遵守 ARTEC法規：

- 提供樣品
- 事先全額支付規費

進行中的案件和未來提交的申請時程可能會受到此規定影響。

[MADAGASCAR] ARTEC - SAMPLE REQUIREMENT IN TYPE APPROVAL APPLICATION

The Madagascar Technical Regulatory Authority for Communications (ARTEC) now requires samples to be submitted for type approval applications.

This requirement in the regulation has been effective on November 13, 2024; applicants should comply with the ARTEC regulations before submitting a new application:

- Provide a sample for processing an application
- Full payment of approval invoices

The timeline for ongoing and future applications may be affected by this provision.

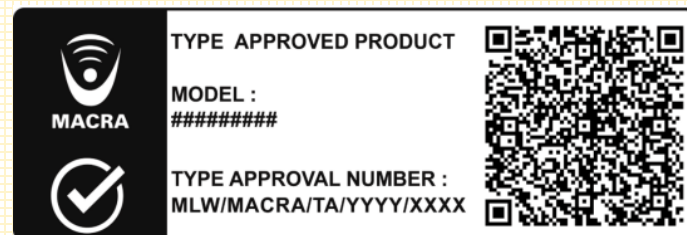

【馬拉威】MACRA - 型式核准新標籤通知

馬拉威通信監管局(MACRA)發布了新的型式核准新標籤，並於2024年12月1日始生效。

所有經核准的設備必須具有：

1. 管理局標誌(MARCA)
2. 設備型號 (MODEL)
3. 設備的字母數字型式認證標識 (Type Approval identification)
4. 標籤的顏色和字體必須符合規定。

※新標籤要求僅適用於2024年12月1日後提交的新申請。

[MALAWI] MARCA – REQUIREMENT OF NEW LABEL

The Malawi Communications Regulatory Authority (MACRA) has issued a new type approval label which's effective on December 1, 2024.

All type-approved equipment must have:

1. Authority logo (MARCA)
2. The model of the equipment
3. The alphanumeric Type Approval identification of the equipment
4. The color and font of the label must comply with regulations.

✂ New label is only applicable to new applications submitted after December 1, 2024.

【新加坡】IMDA – 認證申請入口網站異動

新加坡資訊通訊媒體發展局(IMDA)通知，自2024年12月6日起申請認證之登入方式已由“LicenseOne”整合至“GoBusiness”。

於2024年12月31日到期及新申請的IMDA License，供應商應改透過GoBusiness進行；或透過GoBusiness授權予第三方公司申請。

[SINGAPORE] MIGRATION OF IMDA EQUIPMENT REGISTRATION TO “GOBUSINESS “

The Infocomm Media Development Authority of Singapore (IMDA) informed that starting from December 6, 2024, the login method for applying for certification has been integrated from "LicenseOne" to "GoBusiness".

For IMDA Licenses that expire on December 31, 2024 or new application, suppliers should login the portal by GoBusiness, or authorize the third-party agent by GoBusiness for license application.

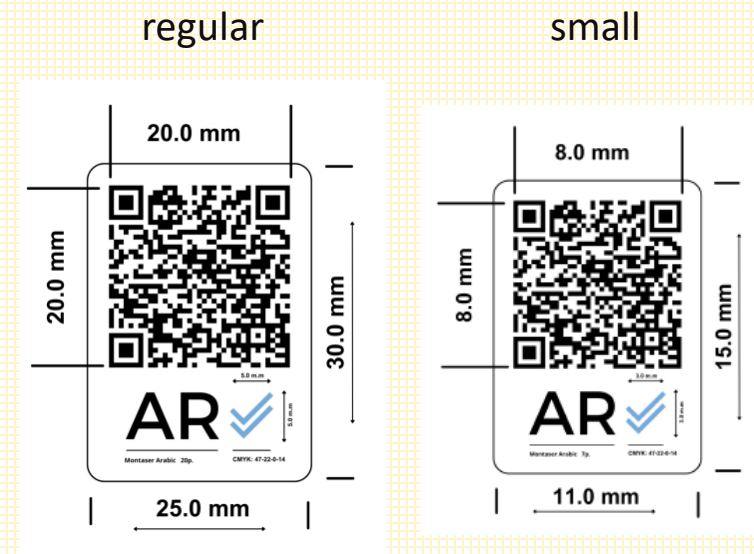

【阿根廷】實施新式合格標誌QR CODE

阿根廷工商經濟部依據2024年8月30日第237號決議再議 - 現行的阿根廷合格標誌須由二維碼(QR Code)和合格標記取代，製造商必須在 **2025年3月28日** 之前實施此新的標記系統。

QR Code必須符合以下要求：

- 放置在產品或其主包裝上的顯眼位置；
- 在合理使用條件下不可磨滅並永久固定；
- 可以透過通用設備(例如智慧型手機)掃描；
- 較小的物品可以使用小尺寸標籤，但不能低於所提供的尺寸；
- 合格標記可以是單色或雙色；
- 此標記不得與可能誤導使用者的其他標籤或密封重疊，也不得取代其他現行適用法規要求的標籤或密封。

[ARGENTINA] IMPLEMENTATION OF QR CODE FOR CONFORMITY MARK

Extended from Argentina's Resolution No.237 reported on August 30th, 2024, it is now introduced a new conformity marking system that includes a QR code to replace the current Argentine conformity mark. Manufacturers must implement this new marking system until **March 28th, 2025**.

The QR code must follow the below:

- Placed in a visible place on the product or on its primary packaging;
- Indelible and permanently affixed under reasonably foreseeable using;
- Be easily scannable by common devices (e.g., smartphones);
- Smaller items may use the small size label, but cannot go below the provided dimensions;
- The conformity marking may be monochromatic or bichromatic;
- The marking may not overlap with other labels or seals that may mislead the user, nor will it replace others required by the applicable regulations in force.
